Test your Enterprise Skills Quiz

What are the characteristics of a successful entrepreneur?

What skills do you need and how do you develop them?

...You may be a successful future entrepreneur, you just don't know it yet.

We believe that to help you develop skills and understand what you're good at, you need to have a starting point. The "[My Enterprise Profile](#)" assessment tool is this starting point. Why not give yourself 15 minutes to go through the questions.

After completion you will be sent a thoroughly detailed report that illustrates six key areas of enterprise and which of these areas you excel in:

- Making your customer's experience positive
- Connecting with the market
- Finding new ideas and concepts
- Growing your business
- Maintaining commitment and focus
- Being prepared and ready for business

It is a great tool to share with students who are setting up their company Programme team or working in a group at College – and it is FREE.

Why not take the test yourself by clicking [here](#)!

To find out about our Company Programme in Highland where you can develop your entrepreneurial skills visit our [YES - Highland and Moray](#) page.
