Connecting Carers

Connecting Carers
A better life for unpaid carers in Highland

Connecting Carers provides information, support and training to unpaid carers and young carers across Highland.

Connecting Young Carers recognise the needs of young people in caring roles. We work pro-actively and effectively to achieve better outcomes for young carers. In partnership with others we work to ensure that young carers are seen, heard and supported to develop their skills, confidence and self-esteem, helping them reach their full potential.

Connecting Young Carers support unpaid carers and young carers towards achieving the following outcomes:

- Young carers receive information, resources and support to enable them to maintain an effective and appropriate caring role.
- The health, education and social care workforce is well informed, knowledgeable, trained and skilled in identifying young carers, meeting their needs and engaging with them as partners in care.

Vision

To ensure that young carers are seen, heard and supported.

Support Groups

Connecting Carers has lots going on all over the Highlands. Our support groups are a great way to meet other unpaid carers and share knowledge and experience.
