## Advocacy Highland

Advocacy Highland is an independent voluntary organisation which provides free and confidential independent advocacy in the Highland region for individuals over 16 years old, who need to be supported to speak up about specific issues.

This, whilst not exclusive, will focus on key priority groups including those with mental ill health, learning disabilities, Autistic Spectrum Disorder (ASD) and those groups who are frail and elderly, with due recognition of diverse and marginalised groups.

Locally based part-time Advocacy Area Co-ordinators recruit, train and support volunteer advocates.

We also provide Citizen Advocacy in Inverness for adults with a learning disability.
