Birchwood Highland Invergordon

Birchwood Highland Housing Support Service provides support to people in Dingwall, Tain, Alness and Invergordon.

We work with people in their own homes who may have mental health conditions, learning disabilities or problems with addiction. We do our best to help people recover their self-esteem, self-worth, and to give them hope, choice, dignity and a meaningful life. We promote independence, inclusion and recovery.

Team Manager: Jennifer Scott
