## Founders4Schools

founders4schools is a free to use service for educators to increase the employability skills of pupils by facilitating encounters with employers. founders4schools is aimed at primary and secondary pupils aged between 8 and 19.

Our mission is to inspire pupils and prepare them for the rapidly changing world of work. We do this by enabling educators to invite business leaders for encounters with their pupils in just 4 minutes. Our online platform connects educators with leaders of successful growing businesses in their community.

founders4schools have teamed up with the [DYW](#) agenda of Scottish Government to help increase youth employability across Scotland and close the skills gap by making it easy for business leaders to connect with local pupils. founders4schools is part of the new [Marketplace](#) portal which will also make offers of opportunities to schools and we are working closely with our partners at Skills Development Scotland to make this available.

For further information visit our website - <https://dywscot.founders4schools.org.uk/>
