Highlands and Islands Social Enterprise Zone launched HISEZ Fusion at the end of January 2016 to support the networking and education of Entrepreneurs.

HISEZ provides support and advice to social enterprises. Fusion is a HISEZ fund in support of entrepreneurship across the Highlands & Islands. Within this there are funds specifically for young entrepreneurs.

- £500 each year to enable school children to travel to enterprise events.
- To encourage those who have started a school-based business to consider taking it forward as a serious business, £500 a year loan funding will be available.
- Delivery of sessions on social enterprise and finance in schools, colleges, and other arenas with young people, such as Young Enterprise Scotland (YES), across the Highlands and Islands.
- In partnership with YES, £1000 is available each year to enable more schools in the area to register with YES by offering a contribution to the start-up funds required.
