## Pentland Housing Association &#150; Care and Repair

If a young person in Caithness is a homeowner or private tenant, and their home is in need of repair or adaptation, the Care and Repair service offers independent advice and assistance to help to organise the repair, improvement or adaptation of the home. This includes help in applying for grant funding from the Council and charitable trusts, if necessary.

Please note that certain criteria need to be met and the work must benefit a member of the household who has disabilities and is in need of the adaptations.
