## Project Scotland

ProjectScotland is a charity that helps young people aged 16-30 to get on in life through structured volunteering and a forward planning and supportive mentor scheme. young people are placed into 13-week volunteering opportunities that match their skills, loves and ambitions, they will learn new skills, gain experience and make new contacts and friends. During the 13-week placement young people are given a fully trained ProjectScotland mentor who will help them with their next steps, the mentor is also there as a friend and support to help the young person to move onto a positive destination

For further information or to apply online visit our website - [www.projectscotland.co.uk](http://www.projectscotland.co.uk) or contact us below for general enquiries and to find out more.
