Youth Business Trust - Prince's Trust

THE PRINCE'S
SCOTTISH YOUTH
BUSINESS TRUST

Are you aged 13-30 and looking to make a change in your life? If you're unemployed or struggling at school, The Prince's Trust can help you in a number of ways, including free training courses, brand new experiences, support, mentoring and finance.

How to start a Business: The Enterprise programme

Imagine being your own boss: no-one telling you what to do, choosing your own hours and making your own money. Your success will be down to you.

We can support you with your business plan, with training and funding, and you'll meet other people in the same position as you. We'll also give you the support of an experienced business mentor who can give you advice every step of the way - most of the people we've started up in business say this was the very best thing about our programme.
