Scholar

This is an online resource which has been produced in association with Heriot Watt University to support a large number of existing SQA qualifications from Higher through to Advanced Higher, with some available at Intermediate. It is an interactive web-based programme and is free of charge to all school students, as it is funded annually by Highland Council.

If you are registered for any of these courses with SQA you can automatically gain access by using the password held by your school.

The courses available at present are:

- Biology @ H and AH
- Chemistry @ H and AH
- Computing @ H and AH
